DIVISION OF
OIL, GAS AND MINING

BEFORE THE DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
STATE OF UTAH

--ooOoo--

IN THE MATTER OF TENTATIVE
DECISION TO APPROVE THE LARGE
MINING NOTICE OF INTENTION
FOR CLIFTON MINING COMPANY'S
CACTUS MILL, TOOELE COUNTY, UTAH : NO. M/045/049

--ooOoo--

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS
INTERESTED IN SECTION 35, TOWNSHIP 7 SOUTH, RANGE 18 WEST,
SLBM, TOOELE COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining
of its tentative decision to approve the Large Mining Operations
Notice of Intention for Clifton Mining Company's Cactus Mill. Mill-
ing activities will affect the following area: SE1/4, SE1/4 of Section
35, Township 7 South, Range 18 West, SLBM, Tooele County, Utah.

Clifton Mining Company has submitted a permit application
to expand an existing small mining project (<5 acre mill site) to a
large mining project (>5 acre mill site).

The operator will employ the following milling operations and
reclamation techniques on approximately 8.9 acres of private
and federal land.

During Operations: The fenced milling operation will process up to
200 tons/day of mined ore. The ore will be mined locally,
crushed, then ground and put through a gravity separation pro-
cess to produce a concentrate. The remaining precious metals will
be extracted using a flotation process with standard flotation
reagents. All waste tailings will be stored onsite in a series of lined
impoundments. The concentrates will be transported to an off site
processing facility for further refinement.

After Operations: After the milling and concentrating operations
are complete, all surface structures and processing facilities will
be dismantled and removed from the site. The wood framed mill
building will remain after mill site reclamation because of its his-
torical significance to the mining district. Disturbed areas will be
regraded and reclaimed to blend into the surrounding topog-
raphy. The disturbed area will be topsoiled and reseeded to benefit
wildlife and grazing postmining land uses.

The person representing the company is Mr. Keith Moeller;
Phone (801) 756-1414. Clifton Mining Company is fulfilling obli-
gations under the Utah Mined Land Reclamation Act of 1975, Utah
Code Ann. §40-8-18.

Any person or agency aggrieved by this tentative decision
to issue approval is hereby requested to submit written protest
within thirty (30) days of the date of publication to Mary Ann
Wright, Associate Director of Mining, Division of Oil, Gas and Min-
ing, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake
City, Utah 84114-5801, setting forth factual reasons for the com-
plaint. If no responsive written protests are received by the Divi-
sion within 30 days after the last date of publication, the tentative
decision of the Division will be final.

DATED THIS 26th day of March, 2001.
